Connection Costs

Connection of services (water, gas, electricity, sewer, stormwater, and data conduit). Does not include electricity and telephone consumer account opening fees.

URBAN NESTDUO Upgrades and Inclusions – Comparison with a standard full turnkey home.

Secondary dwelling size – 50m²-60m²

The additional cost for the upgrades below is approximately \$60,000 - \$70,000

Enhanced Dual Key House Layout for Greater Flexibility

This innovative design features a dual key layout that creates two separate, self-contained living spaces within one home. Ideal for multigenerational families, tenants, or hosting guests, the setup offers increased privacy, independence, and versatile living options.

Key Features:

- **Separate Living Spaces:** The secondary dwelling includes its own kitchen, bathroom, and living area, providing complete independence from the main residence.
- **Additional Self-Contained Unit:** An extra wing or unit within the home enhances functionality for rental income, multigenerational living, or guest accommodation.

Specifications & Upgrades:

- **Kitchen & Laundry:** Features a full kitchen with 20mm stone benchtops, laminate cupboards and standard overhead cabinets. Equipped with standard induction cooktops, upgraded fan-forced oven, concealed externally ducted rangehood, dishwasher, and washer/dryer combo to ensure modern convenience.
- **Ensuite & Bathrooms:** Includes an additional ensuite with toilet, basin, and an oversized shower where space permits, enhancing comfort and privacy.
- **Structural & Insulation Enhancements:** Additional wall framing and Hebel wall construction facilitate effective separation between the two dwellings. These walls must be to the roofline to ensure there is correct fire separation between two dwellings. Internal walls are insulated for sound and temperature control.
- **Roof:** Colourbond roof is standard across the Dual Key range of homes which is upgraded from roof tiles.
- **Windows & Flooring:** Double-glazed windows throughout improve energy efficiency and noise reduction. The secondary dwelling features durable timber laminate flooring.
- **Climate Control & Electrical:** An extra reverse cycle split system provides heating and cooling to the meals and living areas. The electrical system is upgraded with more power points across all rooms and an additional alarm system for the secondary dwelling.
- **External Features:** A fixed site cost allowance covers landscaping and paving, including exposed aggregate finishes, ensuring the outdoor areas are well-maintained and visually appealing.
- **7 Star features:** The secondary dwelling is 100% electric with its own check meter and PV solar.

This layout offers a flexible, modern, and comfortable living environment suited to diverse needs, with thoughtful upgrades to enhance functionality, comfort, and privacy.

Turnkey Inclusions

VERV unique architect designed residences come complete and ready to live in with a comprehensive range of high quality inclusions.

Landscaping

The front and rear of your home will be fully landscaped including a mixture of garden beds, turf, permeable toppings (completed to developer guidelines if applicable). Landscaping package is also inclusive of front and rear drip system with timer, fold clothesline and modern letterbox.

Fencing

Your home is fenced with 1800mm high timber paling fence to sides and rear of the dwelling including side wing fence and gate. Note: fencing height and material may be subject to developer guidelines and approval.

Driveway & Path

Your home includes exposed aggregate paving to driveway, porch and alfresco (floorplan specific only)

7 Star Rating

Every VERV home achieves a minimum 7-star energy rating, which means reduced utility bills and reduced greenhouse gas emissions.

Window Furnishings & Flyscreens

Modern & stylish block out roller blinds cover every window and flyscreens are fitted to every opening window for complete privacy and comfort.

Split System Air Conditioner

Wall mounted reverse cycle split system with isolation switch and condensor.

Alarm System

Alarm system with 3 sensors including panel to walk in robe and key pad to entrance including single power point.

Fibre Optic Ready

Your VERV Home comes complete with Fibre Optic Service Ready for Internet Connection. Note: Service provider specific to developer guidelines.

VERV Homes reserves the right to substitute the make, model or type of any of the aforementioned products to maintain the quality and product development of its homes. Changes may be made subject to Residential Development Standards (Res Code requirements). Window and sliding door sizes may vary subject to energy rating requirements. Electricity transfer fees may apply.
